ASIA PACIFIC BASKET LIMITED

REPORT OF THE DIRECTORS

For the year ended 30 September 2022

The Directors present the annual report and the audited financial statements ("the financial statements") of Asia Pacific Basket Limited ("the Company") for the year ended 30 September 2022.

Principal Activity

The principal activity of the Company is that of a limited life investment holding company.

The Company is a Guernsey Authorised closed-ended investment company and is subject to the Authorised Closed-Ended Investment Scheme Rules 2021. The Company is listed on the Bermuda Stock Exchange.

Going concern

Under the terms of the Company's prospectus, and subject to exercise of the option to redeem on the part of the issuer of the Company's debt investment (confirmation of which was received from the debt issuer on 24 November 2022), the life of the Company is due to terminate on 28 December 2022. At an Extraordinary General Meeting of the Company held on 19 August 2022, shareholders approved a special resolution to extend the life of the Company for a further period from the Company's current termination date, and to authorise the Directors to seek to raise additional capital through a secondary fund raising. Should insufficient capital be raised for the proposed new investment term, the Company will terminate on 28 December 2022 and its shares be redeemed. However, as at the date of signing of these financial statements, approximately 80% of existing shareholders had confirmed their wish to roll their shareholdings over into a new investment term, and the aggregate minimum subscription amount, as defined in the Company's prospectus, has been comfortably exceeded. Sufficient capital has therefore been raised and as a result, in the view of the Directors, the likelihood of the Company continuing in existence beyond 28 December 2022 is extremely strong.

The Board considers that the Covid-19 pandemic has not had a significant impact on the Company's ability to continue as a going concern.

During the year, there has been considerable economic disruption as a result of geopolitical factors, principally the Russian invasion of Ukraine. This has affected national economies globally, and has had a significant impact upon financial markets, which has in turn impacted the valuation of the Company's equity-linked option investment. However, the Board does not consider that there will be any significant impact on the Company's ability to continue as a going concern, for the following reasons:

- The Company is closed-ended, as a result of which the Board has the power to decline requests to redeem shareholdings if it believes that such redemptions are not in the best interests of the Company;
- Should the Board agree to a redemption, it would be offered to the investor at a price that the assets can be redeemed in the market. The Company itself would not be exposed to any losses that may arise;
- The Company is less exposed to the risk of widespread investor sell-off, because of the defensive nature of the Company's investment profile. Other than through default or insolvency of the debt provider, investors will be aware that a key element of the Company's investment strategy is to provide capital protection, therefore limiting their exposure to falls in the markets of the kind that are currently being experienced; and
- During the year and subsequent to the reporting date, the Board has received no enquiries, either directly or via the Investment Adviser, from investors wishing to redeem their shareholdings at any other time other than at the predetermined planned date of redemption.

As a result of the above considerations, and as the Company has sufficient working capital and adequate resources to continue in operations and meet its liabilities as they fall due for the foreseeable future, the Directors have determined that these financial statements should be prepared on a going concern basis.

Results and Dividends

The Statement of Comprehensive Income is set out on page 10. The Directors do not propose the payment of a dividend for the year (2021: £Nil).

ASIA PACIFIC BASKET LIMITED

REPORT OF THE DIRECTORS (continued)

For the year ended 30 September 2022

Directors

The Directors of the Company during the year and to the date of this report are detailed below.

Janine Lewis

David Stephenson

Keri Lancaster-King

Directors' and Other Interests

Janine Lewis is a Director of the Company and a director of Sanne Fund Services (Guernsey) Limited ("SFSGL") (formerly Praxis Fund Services Limited), the Company's Administrator, Secretary, Custodian and Registrar, David Stephenson is a Director of the Company and an employee of SFSGL, and Keri Lancaster-King is a Director of the Company and is a director of SFSGL. Janine Lewis, David Stephenson and Keri Lancaster-King are shareholders in PraxisIFM Group Limited, which until 3 December 2021 was the ultimate parent company of SFSGL.

During the year, no Director has had any beneficial interest in the shares of the Company.

No Director of the Company, or Investec Corporate and Institutional Banking ("ICIB"), the Investment Advisor to the Company, holds any right, either contingent or otherwise, to subscribe for shares in the Company.

Details of fees paid to SFSGL and ICIB during the year are contained in notes 5, 9 and 17 to these Financial Statements.

No fees were paid to the Directors by the Company during the year.

Historical Results

The results and assets and liabilities of the Company for the last 5 years are as follows:

	Total Assets	Total Liabilities	Total Comprehensive (Loss)/Income
	AUD	AUD	AUD
Year ended 30 September 2022	210,012,696	216,335	(1,643,887)
Year ended 30 September 2021	211,627,159	186,911	37,003,643
Year ended 30 September 2020	174,615,056	178,451	5,095,478
Year ended 30 September 2019	169,535,082	193,955	14,067,800
Year ended 30 September 2018	151,309,679	106,035	17,574,923

Investment Portfolio

The Company's investment portfolio comprises the following investments:

	Percentage of portfolio	Cost	Market Value
		AUD	AUD
Investec Bank Limited ("IBL") Unsecured Subordinated Callable Notes	83.6%	110,194,344	174,595,084
UBS AG Index Basket Option	16.4%	12,452,717	34,225,696
		<u>122,647,061</u>	<u>208,820,780</u>

Investec Bank Limited and UBS AG are providers of financial services.

ASIA PACIFIC BASKET LIMITED

REPORT OF THE DIRECTORS (continued)

For the year ended 30 September 2022

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and financial statements in accordance with The Companies (Guernsey) Law, 2008.

Company law requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Company as at the end of the financial year, and of the profit or loss for the financial year.

Under that law, the Directors have prepared the financial statements in accordance with International Financial Reporting Standards (IFRSs). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss for that period. In preparing these financial statements, the Directors are required to:

- select suitable appropriate accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether IFRSs have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with The Companies (Guernsey) Law, 2008 and with The Protection of Investors (Bailiwick of Guernsey) Law, 2020. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors confirm that:

- so far as each Director is aware, there is no relevant audit information of which the Company's auditor is unaware;
- each Director has taken all the steps he ought to have taken as a Director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information; and
- the financial statements give a true and fair view and have been prepared in accordance with International Financial Reporting Standards, with The Companies (Guernsey) Law, 2008 and with The Protection of Investors (Bailiwick of Guernsey) Law, 2020.

Independent Auditor

Grant Thornton Limited ('GT') has expressed its willingness to continue in office and a resolution to re-appoint GT as auditor to the Company will be proposed at the forthcoming Annual General Meeting.

By Order of the Board

David Stephenson

Director

23 December 2022

INDEPENDENT AUDITOR'S REPORT

to the members of Asia Pacific Basket Limited

Opinion

We have audited the financial statements of Asia Pacific Basket Limited (the "Company") for the year ended 30 September 2022 which comprise the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity, Statement of Cash Flows, and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB).

In our opinion, the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 September 2022 and of its loss for the year then ended;
- are in accordance with IFRSs as adopted by the IASB; and
- comply with the Companies (Guernsey) Law, 2008

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Guernsey, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies (Guernsey) Law, 2008 requires us to report to you if, in our opinion:

- proper accounting records have not been kept by the Company; or
- the Company financial statements are not in agreement with the accounting records; or
- we have not obtained all the information and explanations, which to the best of our knowledge and belief, are necessary for the purposes of our audit.

INDEPENDENT AUDITOR'S REPORT

to the members of Asia Pacific Basket Limited (continued)

Responsibilities of the Directors for the financial statements

As explained more fully in the Directors' responsibilities statement set out on page 6, the Directors are responsible for the preparation of the financial statements which give a true and fair view in accordance with IFRSs, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

INDEPENDENT AUDITOR'S REPORT

to the members of Asia Pacific Basket Limited (continued)

Use of our report

This report is made solely to the Company's members, as a body, in accordance with section 262 of the Companies (Guernsey) Law, 2008. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2022

1. GENERAL INFORMATION

Asia Pacific Basket Limited ("the Company") is a company incorporated and domiciled in Guernsey under The Companies (Guernsey) Law, 2008. The address of the registered office is given on page 3. The principal activity of the Company and its operations are detailed on page 4. These financial statements are presented in Australian Dollars. The functional currency of the Company is US Dollars.

2. PRINCIPAL ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements.

Basis of preparation

The financial statements of the Company, have been prepared in accordance with International Financial Reporting Standards ('IFRS'). The financial statements comply with IFRS as issued by the International Accounting Standards Board ("IASB").

The financial statements have been prepared on the historical cost basis, except for the revaluation of certain financial instruments measured at fair value.

Going concern

Under the terms of the Company's prospectus, and subject to exercise of the option to redeem on the part of the issuer of the Company's debt investment (confirmation of which was received from the debt issuer on 24 November 2022), the life of the Company is due to terminate on 28 December 2022. At an Extraordinary General Meeting of the Company held on 19 August 2022, shareholders approved a special resolution to extend the life of the Company for a further period from the Company's current termination date, and to authorise the Directors to seek to raise additional capital through a secondary fund raising. Should insufficient capital be raised for the proposed new investment term, the Company will terminate on 28 December 2022 and its shares be redeemed. However, as at the date of signing of these financial statements, approximately 80% of existing shareholders had confirmed their wish to roll their shareholdings over into a new investment term, and the aggregate minimum subscription amount, as defined in the Company's prospectus, has been comfortably exceeded. Sufficient capital has therefore been raised and as a result, in the view of the Directors, the likelihood of the Company continuing in existence beyond 28 December 2022 is extremely strong.

The Board considers that the Covid-19 pandemic has not had a significant impact on the Company's ability to continue as a going concern.

During the year, there has been considerable economic disruption as a result of geopolitical factors, principally the Russian invasion of Ukraine. This has affected national economies globally, and has had a significant impact upon financial markets, which has in turn impacted the valuation of the Company's equity-linked option investment. However, the Board does not consider that there will be any significant impact on the Company's ability to continue as a going concern, for the following reasons:

- The Company is closed-ended, as a result of which the Board has the power to decline requests to redeem shareholdings if it believes that such redemptions are not in the best interests of the Company;
- Should the Board agree to a redemption, it would be offered to the investor at a price that the assets can be redeemed in the market. The Company itself would not be exposed to any losses that may arise;
- The Company is less exposed to the risk of widespread investor sell-off, because of the defensive nature of the Company's investment profile. Other than through default or insolvency of the debt provider, investors will be aware that a key element of the Company's investment strategy is to provide capital protection, therefore limiting their exposure to falls in the markets of the kind that are currently being experienced; and
- During the year and subsequent to the reporting date, the Board has received no enquiries, either directly or via the Investment Adviser, from investors wishing to redeem their shareholdings at any other time other than at the predetermined planned date of redemption.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

2. PRINCIPAL ACCOUNTING POLICIES (continued)

Going concern (continued)

As a result of the above considerations, and as the Company has sufficient working capital and adequate resources to continue in operations and meet its liabilities as they fall due for the foreseeable future, the Directors have determined that these financial statements should be prepared on a going concern basis.

Adoption of amended standards

In August 2020, the IASB completed its 'Replacement issues in the context of the IBOR reform' project, which amended certain existing standards effective for periods commencing on or after 1 January 2021. In the opinion of the Directors, the adoption of these amended standards has had no material impact on the Financial Statements of the Company.

Amended standards and interpretations not yet adopted

The following relevant standards, which have not been applied in these Financial Statements, were in issue at the reporting date but not yet effective:

- IAS 1 (amended), 'Presentation of Financial Statements' – (amendments relating to the classification of liabilities and disclosure of accounting policies, effective for accounting periods commencing on or after 1 January 2023);
- IAS 8 (amended), 'Accounting Policies, Changes in Accounting Estimates and Errors' – (clarifying how companies should distinguish changes in accounting policies from changes in accounting estimates, effective for accounting periods commencing on or after 1 January 2023); and
- IAS 37 (amended), 'Provisions, Contingent Liabilities and Contingent Assets' – (relating to the costs to include when assessing whether a contract is onerous, effective for accounting periods commencing on or after 1 January 2022).

In addition, the IASB has issued its publication 'Annual Improvements to IFRS Standards 2018-2020', which has amended certain existing standards, effective for accounting periods commencing on or after 1 January 2022.

In the opinion of the Directors, the adoption of these amended standards will have no material impact on the Financial Statements of the Company.

Financial assets - classification

Under IFRS 9, the classification and measurement of financial assets is driven by the entity's business model for managing the financial assets and the contractual cash flow characteristic of those financial assets.

The Company has determined that it has two distinct business models, as follows:

(i) To invest in a holding of Investec Bank Limited Unsecured Subordinated Callable Notes (the 'Notes'). Under IFRS 9, financial assets that are debt instruments may be classified as either (a) amortised cost, (b) fair value through other comprehensive income or (c) fair value through profit and loss ("FVTPL"). The purpose of the Company's investment in the Notes is to collect the contractual cashflows of solely payments of principal and interest arising on maturity, which will provide capital protection for investors in the Company, and accordingly, the Company has determined that this investment should be classified as an investment at amortised cost.

(ii) To invest in an option linked to a basket of indices, in order to provide investors with a potential upside on their investment. Under the terms of IFRS 9, the option is automatically classified as an investment at FVTPL.

Financial assets - recognition and subsequent measurement

Purchased financial assets are recognised on trade date, being the date on which the Company irrevocably commits to purchase the asset.

All investments are measured initially at fair value net of transaction costs, except where the investment will subsequently be measured at FVTPL. Transaction costs relating to the acquisition of investments at FVTPL are expensed as incurred in the Statement of Comprehensive Income.

After initial recognition, the Company's Option investment is measured at FVTPL. Fair value is calculated using quoted market prices, independent appraisals, discounted cash flow analysis or other appropriate valuation models at the reporting date. Changes in the fair value of financial assets at FVTPL are recognised in other gains/(losses) in profit or loss in the Statement of Comprehensive Income as applicable.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

2. PRINCIPAL ACCOUNTING POLICIES (continued)

Financial assets - recognition and subsequent measurement (continued)

After initial recognition, the Company's Notes are measured at amortised cost using the effective interest rate method. Interest income from this financial asset is included in profit or loss. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses, including expected credit losses at initial recognition and changes to expected credit losses at each reporting date to reflect changes in credit risk since initial recognition, are presented as a separate line item in profit or loss in the Statement of Comprehensive Income.

All gains or losses are recognised in the period in which they arise.

Investments are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership.

Liquid resources

Liquid resources comprise cash and cash equivalents and long-term deposits. Cash and cash equivalents comprises bank balances and short-term deposits with an original maturity of three months or less. Deposits with an original maturity of greater than three months are classified as long-term deposits.

Trade and other receivables

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value. The Company holds the receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method.

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets.

Financial liabilities

Financial liabilities, other than those at fair value through profit or loss, are measured at amortised cost using the effective interest rate method.

Interest income

Interest income on financial assets at amortised cost is calculated using the effective interest rate method and recognised in profit or loss.

Foreign exchange

Items included in the financial statements of the Company are measured in the currency of the primary economic environment in which the Company operates (the "functional currency"). With effect from 21 December 2017, the Directors determined that the functional currency of the Company is US Dollars, as it is the currency in which the Company's investments are denominated, the majority of capital raised and in which the majority of the Company's expenses are incurred. For consistency with previous years, the Directors have selected Australian Dollars as the presentation currency of the Company.

Foreign currency assets and liabilities are translated into Australian Dollars at the rate of exchange ruling on the reporting date. Foreign currency transactions are translated into the functional currency of US Dollars at the rate of exchange ruling on the date of the transaction and then translated into Australian Dollars for presentation purposes. Foreign exchange gains and losses relating to the functional currency are recognised in the Statement of Comprehensive Income in the period in which they arise. Differences arising on translation from the functional currency to the presentation currency are recognised in other comprehensive income in the period in which they arise and are taken to the translation reserve.

Expenses

Expenses are accounted for on an accruals basis. All expenses are charged to the Statement of Comprehensive Income, except for expenses incurred in relation to the launch of the Company, which were charged against share premium.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

2. PRINCIPAL ACCOUNTING POLICIES (continued)

Taxation

The Company is exempt from Guernsey income tax under the Income Tax (Exempt Bodies) (Guernsey) Ordinance 1989 and is charged an annual exemption fee of £1,200 (2021: £1,200).

3. SEGMENT REPORTING

The Board of Directors considers that the Company is engaged in a single segment of business, being the holding of investments. The Board considers that it is the Company's Chief Operating Decision Maker.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results could differ from such estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate was revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The areas involving significant estimates or judgements are:

- Classification of and subsequent measurement basis of financial instruments – see note 2 (Financial assets – classification);
- Determination of the functional currency - see note 2 (Foreign exchange);
- Estimated fair value of financial assets measured at FVPL – see note 7; and
- Impairment of financial assets measured at amortised cost - see notes 8 and 11.

5. SIGNIFICANT AGREEMENTS

The following significant agreements have been entered into by the Company:

Administration, Custodian and Secretarial Agreement

Under the Administration, Custodian and Secretarial Agreement effective from 21 December 2017, the Company has agreed to pay or procure to be paid to the administrator, for its services as administrator, secretary, custodian and registrar, a fee of 0.135% (2021: 0.135%) per annum of the Company's funds (as reduced by any redemptions of Ordinary Shares prior to the Redemption Date, which attract a redemption fee of 0.5% of the value of the redemption). In addition the administrator is entitled to receive interest earned by the Company on the unpaid element of the fees. See notes 9, 11, 12 and 17 for details of administration fees and interest paid in the year and balances outstanding at the year end.

Investment Advisory Agreement

Under the Investment Advisory Agreement effective from 21 December 2017, the Company has agreed to pay or procure to be paid to the advisor, for its services as advisor, a fee of 0.65% (2021: 0.65%) per annum of the Company's funds (as reduced by any redemptions of Ordinary Shares prior to the Redemption Date, which attract a redemption fee of 0.5% of the value of the redemption). In addition the advisor is entitled to receive interest earned by the Company on the unpaid element of the fees. See notes 9, 11, 12 and 17 for details of investment advisory fees and interest paid in the year and balances outstanding at the year end.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

5. SIGNIFICANT AGREEMENTS (continued)

Distribution Agreement

Under the individual Distribution Agreements effective from 21 December 2017, the Company has agreed to pay or procure to be paid to the distributors a fee of 0.65% (2021: 0.65%) per annum of that portion of the Company's funds that is derived from the subscription amount subscribed for by Subscribers introduced by the distributor (as reduced by any redemptions of such Ordinary Shares prior to the Redemption Date), or holders of existing issued Ordinary Shares introduced by the Distributor and who elect to remain invested in the Company (as reduced by any redemptions of such Ordinary Shares prior to the Redemption Date). See notes 9 and 11 for details of distribution fees paid in the year and balances outstanding at the year end. Investec Corporate and Institutional Banking, the Company's Investment Advisor, is also a Distributor for the Company.

All fees described above are payable annually in advance on the anniversary of the Trade Date (the date of investment of the Company's funds) each year until the Termination Date.

6. INTEREST INCOME

	2022	2021
	AUD	AUD
Interest on investments at amortised cost	8,967,108	8,016,580
Bank interest	6,083	16,662
	8,973,191	8,033,242

The effective interest rate used for calculating the interest on the Notes is 6.07% (2021: 6.07%).

7. INVESTMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS

	2022	2021
	AUD	AUD
UBS AG Index Basket Option		
Fair value brought forward	62,569,855	30,427,266
Fair value adjustment in the year	(32,704,364)	31,157,370
Translation difference	4,360,205	985,219
Fair value carried forward	34,225,696	62,569,855

The UBS AG Index Basket Option is a call option linked to a basket of indices comprising the following:

- S&P 500 Index 40%
- Euro Stoxx 50 Index 30%
- Nikkei 225 Index 15%
- iShares MSCI Emerging Markets Index 15%

The Directors determine the fair value of the Option based on valuations provided by UBS AG. The valuation/price of the Option is calculated by UBS AG using an option pricing model and a bid/ask price spread is published daily on Reuters.

The Option has been classified as a level 2 investment in the fair value hierarchy as the valuation is derived from observable inputs other than quoted prices in an active market (see note 18(iv)). The key inputs to the valuation were the notional value of the Option (USD 109,014,549 (2021: USD 109,014,549)) and the published bid price of the Option (20.09% (2021: 41.48%)) as at 30 September 2022. The key inputs to the published bid price of the Option were the closing prices as at 30 September 2022 of the S&P 500 index (3,585.62 (2021: 4,307.54)), Euro Stoxx 50 index (3,318.20 (2021: 4,048.08)), Nikkei 225 index (25,937.21 (2021: 29,452.66)) and iShares MSCI Emerging Markets index (34.88 (2021: 50.38)).

The Option is due to mature on 23 December 2022, and has therefore been classified as a current asset as at 30 September 2022 in these financial statements.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

8. INVESTMENTS AT AMORTISED COST	2022	2021
	AUD	AUD
Investec Bank Limited ("IBL") Unsecured Subordinated Callable Notes		
Carrying value brought forward	145,744,910	138,651,465
Interest for the year	8,967,108	8,016,581
Translation difference	19,883,066	(923,136)
Carrying value carried forward	<u>174,595,084</u>	<u>145,744,910</u>

The Notes were acquired on 28 December 2017. The Notes function as zero coupon notes for a period of five years, and are redeemable at the option of the issuer on 28 December 2022. On 24 November 2022, IBL confirmed that the Notes would be redeemed on the optional redemption date of 28 December 2022. As a result, as at 30 September 2022, the Notes are classified as a current asset in these financial statements.

The Notes are measured at amortised cost using the effective interest rate method. The effective interest used for calculating the interest income is disclosed in note 6.

The calculation of impairment, including expected credit losses, is based on assumptions about risk of default and expected loss rates. The Company uses judgments in making this assumption and selecting the inputs to the impairment calculation based on past history and existing market conditions (see note 18(ii)). The Company has assessed the investment in the Notes for impairment and expected credit losses at the reporting date and has concluded that as at the year end no impairment or credit losses are expected over the life of the investment (2021: no impairment or credit losses were expected over the life of the investment).

The fair value of the Notes, calculated by ICIB at 30 September 2022, was AUD173,167,595 (2021: AUD 144,495,439).

9. OPERATING EXPENSES	2022	2021
	AUD	AUD
Distributor fees	990,760	938,688
Investment advisory fees	994,468	942,402
Administration fees	209,609	197,826
Auditor's remuneration	12,877	15,101
Guernsey Financial Services Commission licence fees	6,714	6,257
Listing & sponsorship fees	10,868	14,796
Statutory fees	2,829	3,103
Professional indemnity insurance	2,421	2,262
Interest expense	3,607	9,093
Sundry expenses	1,062	3,438
	<u>2,235,215</u>	<u>2,132,966</u>

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

10. (LOSS)/EARNINGS PER SHARE

The calculation of the basic and diluted (loss)/earnings per share is based on the following data:

	2022	2021
	AUD	AUD
(Loss)/profit attributable to shares:		
(Loss)/profit for the purpose of calculation of basic and diluted (loss)/earnings per share being (loss)/profit for the year attributable to shareholders	<u>(26,029,699)</u>	<u>37,074,570</u>
Number of shares:		
Weighted average number of shares for the purpose of basic and diluted earnings per share	82,140.28	82,140.28
(Loss)/earnings per share attributable to A Class shares	<u>AUD (316.89)</u>	<u>AUD 451.36</u>
(Loss)/earnings per share attributable to B Class shares	<u>AUD (316.89)</u>	<u>AUD 451.36</u>

A weighted average number of shares has been calculated to enable users to gain a fairer understanding of the (loss)/profit generated per share through the year. The weighted average has been calculated with reference to the number of days shares have actually been in issue and hence their ability to influence income generated.

11. TRADE AND OTHER RECEIVABLES

	2022	2021
	AUD	AUD
Bank interest receivable	804	1,454
Prepaid administration fee	55,929	45,749
Prepaid distributor fees	268,278	219,466
Prepaid investment advisory fee	269,287	220,273
Other debtors and prepayments	14,893	10,397
	<u>609,191</u>	<u>497,339</u>

The balance of trade and other receivables principally comprises prepayments, therefore a provision for expected credit losses is not required.

12. TRADE AND OTHER PAYABLES

	2022	2021
	AUD	AUD
Current		
Audit fee	17,852	14,728
Interest payable	198,483	-
	<u>216,335</u>	<u>14,728</u>
Non-current		
Interest payable	<u>-</u>	<u>172,183</u>

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

13. SHARE CAPITAL

Authorised:

Following the adoption of the Company's amended Articles of Association on 25 August 2017, the Company no longer has any defined authorised share capital.

	2022	2021
	AUD	AUD
Issued and fully paid		
10 Management shares of AUD 1 each	10	10
35,052,214 A Class AUD shares of AUD 0.01 each	350	350
47,088,068 B Class USD shares of USD 0.01 each	615	615
	<u>975</u>	<u>975</u>

A Class and B Class shares are entitled to 1 vote each at a general meeting of the Company. Under the terms of the Company's prospectus, and in the absence of a further special resolution to extend the life of the Company, the Company's shares will be redeemed and the Company will terminate between December 2022 and December 2027. Shareholders are entitled to receive any dividends or distributions from the Company and any surplus arising on the winding up of the Company after the payment of creditors and redemption of the Management shares at their nominal value.

Management shares are entitled to 10,000 votes each at a general meeting of the Company. Management shares may only be owned by The Basket Trust (see note 17) or its nominee. Management shareholders are not entitled to receive any dividends or distributions from the Company nor any surplus arising on the winding up of the Company in excess of the nominal value of the Management shares.

14. SHARE PREMIUM

2022	A Class AUD	B Class AUD	Total AUD
Balance brought forward and carried forward	<u>50,263,248</u>	<u>67,522,104</u>	<u>117,785,352</u>
2021	A Class AUD	B Class AUD	Total AUD
Balance brought forward and carried forward	<u>50,263,248</u>	<u>67,522,104</u>	<u>117,785,352</u>

16. TRANSLATION RESERVE

Movements in the translation reserve are attributable to A Class and B Class shareholders as follows:

2022	A Class AUD	B Class AUD	Total AUD
Balance brought forward	3,782,300	5,081,026	8,863,326
Foreign exchange translation gains	10,406,304	13,979,508	24,385,812
Balance carried forward	14,188,604	19,060,534	33,249,138
2021	A Class AUD	B Class AUD	Total AUD
Balance brought forward	3,812,567	5,121,686	8,934,253
Foreign exchange translation losses	(30,267)	(40,660)	(70,927)
Balance carried forward	3,782,300	5,081,026	8,863,326

17. ULTIMATE CONTROLLING PARTY AND RELATED PARTY TRANSACTIONS

The immediate controlling party at the year end date is PraxisIFM Trust Limited as trustee of The Basket Trust, which owns the Management shares in the Company. There is no ultimate controlling party of the Company.

The ultimate controlling party of PraxisIFM Trust Limited is PraxisIFM Group Limited ('PGL'). Until 3 December 2021, PGL was also the ultimate controlling party of Sanne Fund Services (Guernsey) Limited ('SFSGL') (formerly Praxis Fund Services Limited), the administrator of the Company. SFSGL is deemed to be a related party, as Janine Lewis (a Director of the Company) is a director of SFSGL; David Stephenson (a Director of the Company) is an employee of SFSGL; and Keri Lancaster-King (a Director of the Company) is a director of SFSGL. During the year SFSGL earned AUD 209,609 (2021: AUD 197,826) for their services as administrator. At the year end date administration fees of AUD 55,929 had been paid to SFSGL in advance (2021: AUD 45,749). At the year end date interest on outstanding fees of AUD 34,567 (2021: AUD 30,022) was payable to SFSGL.

The Investment Advisor, Investec Corporate and Institutional Banking ("ICIB"), a division of Investec Bank Limited, and Investec Bank Limited itself, are deemed to be related parties. During the year ICIB earned AUD 994,468 (2021: AUD 942,402) for its services as investment advisor. At the year end date advisory fees of AUD 269,287 (2021: AUD 220,273) had been paid to ICIB in advance and interest on outstanding fees of AUD 163,916 (2021: AUD 142,161) was payable to ICIB. The balances and transactions during the year with Investec Bank Limited related to the investments at amortised cost are disclosed in note 8.

18. FINANCIAL INSTRUMENT RISK FACTORS

The Company is exposed to market risk, credit risk and liquidity risk from the financial instruments it holds. The Company has a fixed modus operandi, as stated in its prospectus, which is to invest its capital in a zero coupon bond (or other structured product with similar characteristics) and an option or options on a specified index or basket of indices; and to retain a certain element of cash to cover expenses to be incurred over the specified period of its life. As a result of this, the Company's flexibility in dealing with the risks associated with these instruments is somewhat limited. However, the risk management policies that are employed by the Company to manage these risks are discussed below. There have been no changes to the Company's exposure to market risk, credit risk and liquidity risk; or its objectives, policies and procedures for managing such risks, since the prior year.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

18. FINANCIAL INSTRUMENT RISK FACTORS (continued)

(i) Market risk

(a) Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. Currency risk arises when future commercial transactions and recognised assets and liabilities are denominated in a currency that is not the Company's functional currency. As at 30 September 2022 the Company was exposed to foreign exchange risk in relation to the following assets and liabilities:

	Source currency	2022 AUD	2021 AUD
Cash and cash equivalents	Sterling	79,048	386,127
Long-term deposits	Sterling	263,352	-
Trade and other payables	Sterling	(17,853)	(14,727)
Cash and cash equivalents	Australian Dollar	53	53
Cash and cash equivalents	South African Rand	-	2,703
		324,600	374,156

At 30 September 2022, the foreign currency exposure of the Company against the functional currency of US Dollars, principally to Sterling, represented 0.2% of Equity Shareholder's Funds (2021: 0.2%). The Company's policy is not to manage the Company's exposure to foreign exchange movements by entering into any foreign exchange hedging transactions. If the exchange rate of the US Dollar against other currencies at the year end date had been 10% higher/lower (2021: 10% higher/lower), this would have resulted in an increase/decrease in the year end net asset value of AUD 32,460 (2021: AUD 37,416). The sensitivity rate of 10% is regarded as reasonable as this approximates to the level of volatility of Sterling against the US Dollar during the year.

The Company had no other material currency exposures as at 30 September 2022 or 30 September 2021.

(b) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk on its cash and cash equivalents and long-term deposits and on interest payable on outstanding future fees. At 30 September 2022, the Company held cash and cash equivalents of AUD 83,633, which earned no interest (2021: AUD 1,055,070, which earned interest at a weighted average rate of 0.19%), and held long-term deposits of AUD 499,092, which earned interest at a weighted average rate of 0.52% (2021: AUD 1,759,985, which earned interest at a rate of 0.65%). At 30 September 2022, the Company had no outstanding future fees on which interest was payable (2021: outstanding future fees of AUD 855,772, on which interest at a rate of 0.65% was payable).

Had these balances existed for the whole of the year and all other factors remained the same, the effect on the Statement of Comprehensive Income of an increase of 1.0%/decrease of 0.5% in short term interest rates (2021: increase/decrease of 0.25%) per annum would have been an increase of AUD 5,827/decrease of AUD 2,232 in total comprehensive income for the year (2021: increase of AUD 4,898/decrease of AUD 3,484). The sensitivity rates of a 1.0% increase and 0.5% decrease are regarded as reasonable following the recent trend of significant hikes in interest rates globally.

The Company had no other material interest rate exposures as at either 30 September 2022 or 30 September 2021. The Company's Notes are not interest bearing, however, the Notes are measured using amortised cost, and the unwind of the discount over the life of the Notes is recognised as interest in the Statement of Comprehensive Income.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

18. FINANCIAL INSTRUMENT RISK FACTORS (continued)

(i) Market risk (continued)

(c) Price risk

Price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market. The Company's investment in the UBS Call Option is valued by reference to movements in the levels of the underlying indices, and so is directly affected by changes in market prices. The Company's investment in Investec Bank Limited Callable Notes is measured at amortised cost, and is therefore not subject to price risk.

Price risk is managed at inception by investing in a combination of two financial instruments: a holding of zero coupon bonds (or other structured product with similar characteristics) that should provide capital protection for investors; and a call option on an index or basket of indices that the investment advisor believes is most likely to provide positive performance during the life of the Fund. In order to provide capital protection, the amount of Notes acquired is calculated with the intention that the maturing amount will be sufficient to guarantee that all investors who remain in the Fund to maturity will at minimum get back the amount that they invested plus a return of 4%. The Call Option provides the potential for significant upside performance, should the relevant indices perform well, with the downside limited to loss of the initial option premium.

The investment premise of the Fund involves participation in the potential upside afforded by the Option, whilst enjoying the capital protection afforded by the Notes. Therefore, whilst the Board monitors the performance of the Option and the Notes, it is unlikely that the Board would consider redeeming these at any stage, other than in relation to the redemption of investors' shares. As a result, the management of price risk effectively occurs at the inception of the Fund in the selection of investments, and is not an active ongoing process during the remainder of the life of the Fund.

The investments at fair value through profit or loss expose the Company to price risk. The details are as follows:

	2022	2021
	AUD	AUD
UBS AG Index Basket Option	34,225,696	62,569,855
	34,225,696	62,569,855

A 50% increase/decrease in the fair value of the Call Option at 30 September 2022 would increase/decrease the Net Asset Value of the Company by AUD 17,112,848 (2021: a 50% decrease in the published price of the Option would decrease the Net Asset Value of the Company by AUD 31,284,928, but due to the cap on the option contract, a 50% increase in the published price of the Option would increase the Net Asset Value of the Company by AUD 20,730,413). The sensitivity rate of 50% is regarded as reasonable due to the potential volatility of the indices to which the Option is linked, magnified by the participation rate of 240.1% attached to the Option.

(ii) Credit risk

Credit risk arises when a failure by counter-parties to discharge their obligations could reduce the amount of future cash inflows from financial assets on hand at the year end date. These financial assets include cash and cash equivalents, long-term deposits, trade and other receivables, investments at amortised cost and investments at FVTPL. The Company's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying value or fair value of these instruments.

ASIA PACIFIC BASKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

18. FINANCIAL INSTRUMENT RISK FACTORS (continued)

(ii) Credit risk (continued)

The Company states in its Prospectus that it will invest in subordinated debt instruments issued by Investec Bank Limited ('IBL') and an option linked to a specified index, and provides extensive disclosure to shareholders of those instruments and the risks attached thereto. As a result of this, the Company's policy for managing the credit risk attached to the Company's financial assets is to monitor the credit rating of the relevant counterparty for any significant deterioration, without reference to an absolute range of credit ratings. In the event of there being any significant deterioration in the perceived creditworthiness of the counterparty to a point where shareholders' interest may be at risk, the Directors in their absolute discretion would consider the following courses of action: selling the relevant securities to third party purchasers and reinvesting the proceeds in the purchase of securities of another issuer, such that the new securities would replicate as closely as possible the terms and conditions of the original securities; and transferring cash to another banking institution. At initial recognition of the Notes and the Option, the Directors considered the credit risk attached to these instruments to be low, and this remains their view. The Directors would only seek to sell the relevant securities or transfer cash if they (in consultation with the investment advisor) consider that such would be in the best interests of the Company and its shareholders.

In accordance with this policy, the Board (in consultation with the investment advisor) has noted that the Fitch long-term credit rating of IBL as at 30 September 2022 was BB- (2021: BB-). The year end rating of Investec plc, a sister company to IBL, is BBB+ (2021: BBB+). As a result, the Directors and the investment advisor believe that it is not in the best interest of shareholders to attempt to unwind the debt instruments prior to their confirmed redemption date of 28 December 2022 (see note 8), as they believe firstly that there has been no significant deterioration in the creditworthiness of IBL, and secondly that obtaining an alternative investment with an institution with a higher credit rating could only be achieved on less favourable terms than those offered by the debt instruments, which could affect the Company's ability to offer capital protection to shareholders on their investment.

The Company monitors the creditworthiness of its counterparties on an ongoing basis and considers a financial asset to be in default when the counterparty fails to make contractual payments within 60 days of when they fall due. No instances of default or significant changes to the Company's credit risk or expected loss rates have been identified in the last 12 months.

The majority of the Company's trade and other receivables consist of prepayments and there is no credit risk associated with these balances.

The Option is held with UBS AG, which has a Fitch long-term rating at the year end date of AA- (2021: AA-). The cash and cash equivalents are held with Investec Bank (Channel Islands) Limited, which has a Fitch long term rating at the year end date of BBB+ (2021: BBB+).

(iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet financial liability obligations as they fall due, which may cause financial losses to the Company. The Company places its cash and cash equivalents with financial institutions on a short-term basis in order to maintain a high level of liquidity. This ensures that the Company is able to complete transactions in a timely manner, thus minimising the Company's exposure to such losses.

The Board reviews the cash resources of the Company on an ongoing basis to ensure that sufficient monies are held on call account to meet the Company's short-term obligations. At 30 September 2022 the cash on call was AUD 83,633 (2021: AUD 1,055,070), which is considered by the Board to be sufficient to meet all the Company's short-term obligations.

For the year ended 30 September 2022

18. FINANCIAL INSTRUMENT RISK FACTORS (continued)

(iii) Liquidity risk (continued)

The following table analyses the Company's financial liabilities, which will be settled on a net basis, into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the estimated contractual undiscounted cash flows.

	Less than 6 months AUD	6 to 12 months AUD	1 to 5 years AUD
2022			
Trade and other payables	216,335	-	-
Net exposure	<u>216,335</u>	<u>-</u>	<u>-</u>
	Less than 6 months AUD	6 to 12 months AUD	1 to 5 years AUD
2021			
Trade and other payables	14,728	-	172,183
Net exposure	<u>14,728</u>	<u>-</u>	<u>172,183</u>

(iv) Fair value hierarchy

The following table analyses instruments carried at fair value, by level of the fair value hierarchy. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1 AUD	Level 2 AUD	Level 3 AUD	Total AUD
2022				
Investments at fair value through profit or loss	-	34,225,696	-	34,225,696
	<u>-</u>	<u>34,225,696</u>	<u>-</u>	<u>34,225,696</u>
2021	Level 1 AUD	Level 2 AUD	Level 3 AUD	Total AUD
Investments at fair value through profit or loss	-	62,569,855	-	62,569,855
	<u>-</u>	<u>62,569,855</u>	<u>-</u>	<u>62,569,855</u>

There have been no transfers between levels of the fair value hierarchy during the year.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 September 2022

19. CAPITAL RISK MANAGEMENT

The Company's capital comprises the funds it has raised through the issue of share capital.

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to ensure that the Company will be able to continue as a going concern, the Board continuously monitors forecast and actual cash flows and matches the maturity profiles of assets and liabilities. The Board has also considered the impact of the Covid-19 pandemic subsequent to the year end, and does not believe that this will have a significant impact on the Company's capital or its ability to continue as a going concern. The Company has no external borrowings.

Shareholders may be able to redeem their Shares prior to the Redemption Date, however such redemptions are wholly at the discretion of the Directors, and any request for redemption may be refused in whole or in part. No early redemptions will be permitted unless the Directors are satisfied that they have complied with all applicable law, including satisfaction of the solvency test as required by the Companies (Guernsey) Law, 2008. There have been no changes to the Company's objectives or policies and procedures for managing capital since the previous year end.

20. POST BALANCE SHEET EVENTS

There were no significant post year end events requiring disclosure in these financial statements.
