INTERNATIONAL OPPORTUNITIES LIMITED

REPORT OF THE DIRECTORS

For the period from incorporation on 17 September 2024 to 30 September 2025

The Directors present the annual report and the audited financial statements (the "financial statements") of International Opportunities Limited (the "Company") for the period from its incorporation on 17 September 2024 to 30 September 2025.

Principal Activity

The principal activity of the Company is that of a limited life investment holding company.

The Company is a Guernsey Registered closed-ended investment company and is subject to the Registered Collective Investment Scheme Rules 2018. The Company listed on the Bermuda Stock Exchange on 10 April 2025.

Going concern

In March 2025, the Company completed a fund raising under the terms of its prospectus, which was issued on 29 November 2024. That capital raising closed on 18 March 2025 and was successful. Accordingly, the Company will operate for a five-year investment term, which, in the absence of a further special resolution to extend the life of the Company, will terminate in April 2030, and the Company's shares will be redeemed.

During the period, the war in Ukraine and the conflict in the Middle East have continued to impact upon financial markets. However, the Board does not consider that there will be any significant impact on the Company's ability to continue as a going concern, for the following reasons:

- The Company is closed-ended, as a result of which the Board has the power to decline requests to redeem shareholdings if it believes that such redemptions are not in the best interests of the Company;
- Should the Board agree to a redemption, it would be offered to the investor at a price that the assets can be redeemed in the market. The Company itself would not be exposed to any losses that may arise;
- The Company is less exposed to the risk of widespread investor sell-off, because of the defensive nature of the Company's investment profile. Other than through default or insolvency of the debt provider, investors will be aware that a key element of the Company's investment strategy is to provide capital protection, therefore limiting their exposure to falls in the markets of the kind that are currently being experienced; and
- During the period and subsequent to the reporting date, the Board has received no enquiries, either directly or via the Investment Adviser, from investors wishing to redeem their shareholdings at any other time other than at the predetermined planned date of redemption.

As a result of the above considerations, and as the Company has sufficient working capital and adequate resources to continue in operations and meet its liabilities as they fall due for the foreseeable future, the Directors have determined that these financial statements should be prepared on a going concern basis.

Results and Dividends

The Statement of Comprehensive Income is set out on page 10. The Directors do not propose a dividend for the period.

Directors

The Directors of the Company during the period and to the date of this report are detailed below.

Janine Lewis

David Stephenson

Keri Lancaster-King

INTERNATIONAL OPPORTUNITIES LIMITED

REPORT OF THE DIRECTORS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

Directors' and Other Interests

Janine Lewis and Keri Lancaster-King are Directors of the Company and, until 31 January 2025, were directors of Sanne Fund Services (Guernsey) Limited ("SFSGL"). SFSGL served as the Company's Administrator, Secretary, Custodian and Registrar until its merger with Apex Fund and Corporate Services (Guernsey) Limited ("AFCSGL") on 31 January 2025. David Stephenson is a Director of the Company and, until 31 January 2025, was an employee of SFSGL. With effect from 31 January 2025, AFCSGL is the Company's Administrator, Secretary, Custodian and Registrar. Keri Lancaster-King and David Stephenson are employees of AFCSGL. Janine Lewis was an employee of AFCSGL from 31 January 2025 until her retirement on 7 July 2025.

During the period, no Director has had any beneficial interest in the shares of the Company.

No Director of the Company, or Investec Corporate and Institutional Banking ("ICIB"), the Investment Advisor to the Company, holds any right, either contingent or otherwise, to subscribe for shares in the Company.

Details of fees paid to AFCSGL and ICIB during the period are contained in notes 5, 9 and 14 to these Financial Statements.

With effect from her retirement as an employee of AFCSGL on 7 July 2025, Janine Lewis was engaged as an independent Director of the Company at an annual fee rate of £3,250 per annum. No other fees were paid to the Directors by the Company during the year.

Historical Results

The results and assets and liabilities of the Company are as follows:

	Total Assets	Total Liabilities	Total Comprehensive Income
	USD	USD	USD
Period ended 30 September 2025	111,306,174	(68,362)	9,435,354

Investment Portfolio

The Directors are currently assessing the impact that these new and amended standards will have upon the Financial Statements of the Company.

	Percentage of portfolio	Cost USD	Carrying Value USD
Citigroup CLNs	74.7%	76,099,155	78,377,920
BNP Paribas ("BNPP") call warrants	25.3%	18,720,731	26,482,496
		<u>94,819,886</u>	<u>104,860,416</u>

Citigroup and BNPP are providers of financial services.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and financial statements in accordance with The Companies (Guernsey) Law, 2008.

Company law requires the Directors to prepare financial statements for each financial period that give a true and fair view of the state of affairs of the Company as at the end of the financial period, and of the profit or loss for the financial period.

INTERNATIONAL OPPORTUNITIES LIMITED

REPORT OF THE DIRECTORS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

Statement of Directors' Responsibilities (continued)

Under that law, the Directors have prepared the financial statements in accordance with IFRS Accounting Standards ("IFRS") as issued by the International Accounting Standards Board. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss for that period. In preparing these financial statements, the Directors are required to:

- select suitable appropriate accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether IFRS have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with The Companies (Guernsey) Law, 2008 and with The Protection of Investors (Bailiwick of Guernsey) Law, 1987. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors confirm that:

- so far as each Director is aware, there is no relevant audit information of which the Company's auditor is unaware;
- each Director has taken all the steps he ought to have taken as a Director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information; and
- the financial statements give a true and fair view and have been prepared in accordance with IFRS, with The Companies (Guernsey) Law, 2008 and with The Protection of Investors (Bailiwick of Guernsey) Law, 2020.

Independent Auditor

Grant Thornton Limited ('GT') has expressed its willingness to continue in office and a resolution to re-appoint GT as auditor to the Company will be proposed at the forthcoming Annual General Meeting.

By Order of the Board

Janine Lewis

Director

19 February 2026

INDEPENDENT AUDITOR'S REPORT

To the members of International Opportunities Limited

Opinion

We have audited the financial statements of International Opportunities Limited (the "Company") for the period from incorporation on 17 September 2024 to 30 September 2025, which comprise the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity, Statement of Cash Flows, and Notes to the Financial Statements, including a summary of material accounting policies.

In our opinion, the accompanied financial statements:

- give a true and fair view of the financial position of the Company as at 30 September 2025, and of its financial performance and its cashflows for the period then ended;
- are in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB); and
- comply with the Companies (Guernsey) Law, 2008.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Guernsey, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information in the Annual Report

The directors are responsible for the other information. The other information comprises the information included in the Annual Report and Audited financial statements, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on pages 5 and 6, the Directors are responsible for the preparation of the financial statements which give a true and fair view in accordance with IFRS Accounting Standards as issued by the IASB, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

The engagement partner on the audit resulting in this independent auditor's report is Jeremy Ellis.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with section 262 of the Companies (Guernsey) Law, 2008. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies (Guernsey) Law, 2008 requires us to report to you if, in our opinion:

- proper accounting records have not been kept by the Company; or
- the Company's financial statements are not in agreement with the accounting records; or
- we have not obtained all the information and explanations, which to the best of our knowledge and belief, are necessary for the purposes of our audit.

NOTES TO THE FINANCIAL STATEMENTS

For the period from incorporation on 17 September 2024 to 30 September 2025

1. GENERAL INFORMATION

International Opportunities Limited ("the Company") was incorporated in Guernsey on 17 September 2024 under The Companies (Guernsey) Law, 2008. The address of the registered office is given on page 3. The principal activity of the Company and its operations are detailed on page 4. These financial statements are presented in US Dollars, which is also the functional currency of the Company.

2. MATERIAL ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements.

Basis of preparation

The financial statements of the Company, have been prepared in accordance with IFRS Accounting Standards ('IFRS') as issued by the International Accounting Standards Board.

The financial statements have been prepared on the historical cost basis, except for the revaluation of certain financial instruments measured at fair value.

Going concern

In March 2025, the Company completed a fund raising under the terms of its prospectus, which was issued on 29 November 2024. That capital raising closed on 18 March 2025 and was successful. Accordingly, the Company will operate for a five-year investment term, which, in the absence of a further special resolution to extend the life of the Company, will terminate in April 2030, and the Company's shares will be redeemed.

During the period, the war in Ukraine and the conflict in the Middle East have continued to impact upon financial markets. However, the Board does not consider that there will be any significant impact on the Company's ability to continue as a going concern, for the following reasons:

- The Company is closed-ended, as a result of which the Board has the power to decline requests to redeem shareholdings if it believes that such redemptions are not in the best interests of the Company;
- Should the Board agree to a redemption, it would be offered to the investor at a price that the assets can be redeemed in the market. The Company itself would not be exposed to any losses that may arise;
- The Company is less exposed to the risk of widespread investor sell-off, because of the defensive nature of the Company's investment profile. Other than through default or insolvency of the debt provider, investors will be aware that a key element of the Company's investment strategy is to provide capital protection, therefore limiting their exposure to falls in the markets of the kind that are currently being experienced; and
- During the period and subsequent to the reporting date, the Board has received no enquiries, either directly or via the Investment Adviser, from investors wishing to redeem their shareholdings at any other time other than at the predetermined planned date of redemption.

As a result of the above considerations, and as the Company has sufficient working capital and adequate resources to continue in operations and meet its liabilities as they fall due for the foreseeable future, the Directors have determined that these financial statements should be prepared on a going concern basis.

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

2. MATERIAL ACCOUNTING POLICIES (continued)

Amended standards and interpretations not yet adopted

The following relevant standards, which have not been applied in these Financial Statements, were in issue at the reporting date but not yet effective:

- IFRS 7 (amended), 'Financial Instruments: Disclosures' – (published in May 2024 and relate to the classification and measurement of financial instruments, effective for accounting periods commencing on or after 1 January 2026);
- IFRS 9 (amended), 'Financial Instruments' – (published in May 2024 and relate to the classification and measurement of financial instruments, effective for accounting periods commencing on or after 1 January 2026);
- IFRS 18 "Presentation and Disclosures in Financial Statements", effective for periods commencing on or after 1 January 2027.

The Directors are currently assessing the impact that these new and amended standards will have upon the Financial Statements of the Company.

The International Sustainability Standards Board published the following Sustainability Disclosure Standards in June 2023, effective for accounting periods commencing on or after 1 January 2024:

- IFRS S1, 'General requirements for Disclosure of Sustainability-related Financial Information'; and
- IFRS S2, 'Climate-related Disclosures'.

The purpose of both standards is to provide information that is useful to primary users of general purpose financial reports in making decisions relating to providing resources to the entity. These standards have not been formally endorsed by Guernsey, the UK or the EU and have therefore not yet been adopted by the Company.

Financial assets - classification

Under IFRS 9, the classification and measurement of financial assets is driven by the entity's business model for managing the financial assets and the contractual cash flow characteristic of those financial assets.

The Company has determined that it has two distinct business models, as follows:

(i) To invest in a debt instrument issued by Investec Bank Limited or another reputable financial institution. Under IFRS 9, financial assets that are debt instruments may be classified as either (a) amortised cost, (b) fair value through other comprehensive income or (c) fair value through profit and loss ("FVTPL"). The purpose of the Company's investment in the debt instrument is to collect the contractual cashflows of solely payments of principal and interest arising on maturity, which will provide capital protection for investors in the Company, and accordingly, the Company has determined that this investment should be classified as an investment at amortised cost.

(ii) To invest in one or more options or warrants linked to an index or basket of indices, in order to provide investors with a potential upside on their investment. Under the terms of IFRS 9, warrants are automatically classified as investments at FVTPL.

Financial assets - recognition and subsequent measurement

Purchased financial assets are recognised on trade date, being the date on which the Company irrevocably commits to purchase the asset.

All investments are measured initially at fair value net of transaction costs, except where the investment will subsequently be measured at FVTPL. Transaction costs relating to the acquisition of investments at FVTPL are expensed as incurred in the Statement of Comprehensive Income.

After initial recognition, the Company's warrants investment is measured at FVTPL. Fair value is calculated using quoted market prices, independent appraisals, discounted cash flow analysis or other appropriate valuation models at the reporting date. Changes in the fair value of financial assets at FVTPL are recognised in other gains/(losses) in profit or loss in the Statement of Comprehensive Income as applicable.

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

2. MATERIAL ACCOUNTING POLICIES (continued)

Financial assets - recognition and subsequent measurement (continued)

After initial recognition, the Company's debt instrument is measured at amortised cost using the effective interest rate method. Interest income from this financial asset is included in profit or loss. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses, including expected credit losses at initial recognition and changes to expected credit losses at each reporting date to reflect changes in credit risk since initial recognition, are presented as a separate line item in profit or loss in the Statement of Comprehensive Income.

All gains or losses are recognised in the period in which they arise.

Investments are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership.

Liquid resources

Liquid resources comprise cash and cash equivalents and long-term deposits. Cash and cash equivalents comprises bank balances and short term deposits with an original maturity of three months or less. Deposits with an original maturity of greater than three months are classified as long-term deposits.

Trade and other receivables

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value. The Company holds the receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method.

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest rate method.

Interest income

Interest income on financial assets at amortised cost is calculated using the effective interest rate method and recognised in profit or loss.

Foreign exchange

Items included in the financial statements of the Company are measured in the currency of the primary economic environment in which the Company operates (the "functional currency"). The Directors have determined that the functional currency of the Company is the US Dollar, as it is the currency in which the Company's investments are denominated, the majority of the Company's capital has been raised and in which the majority of the Company's expenses are incurred. The Directors have selected the US Dollar as the presentation currency of the Company.

Foreign currency assets and liabilities are translated into US Dollars at the rate of exchange ruling on the reporting date. Foreign currency transactions are translated into the functional currency of US Dollars at the rate of exchange ruling on the date of the transaction. Foreign exchange gains and losses relating to the functional currency are recognised in the Statement of Comprehensive Income in the period in which they arise.

Expenses

Expenses are accounted for on an accruals basis. All expenses are charged to the Statement of Comprehensive Income, except for expenses incurred in relation to the launch of the Company, which were charged against share premium.

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

2. MATERIAL ACCOUNTING POLICIES (continued)

Taxation

The Company is exempt from Guernsey income tax under the Income Tax (Exempt Bodies) (Guernsey) Ordinance 1989 and is charged an annual exemption fee of £1,600.

3. SEGMENT REPORTING

The Board of Directors considers that the Company is engaged in a single segment of business, being the holding of investments. The Board considers that it is the Company's Chief Operating Decision Maker.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results could differ from such estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate was revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The areas involving significant estimates or judgements are:

- Classification of and subsequent measurement basis of financial instruments – see note 2 (Financial assets – classification);
- Determination of the functional currency - see note 2 (Foreign exchange);
- Estimated fair value of financial assets measured at FVTPL – see note 7; and
- Impairment of financial assets measured at amortised cost - see notes 8 and 11.

5. SIGNIFICANT AGREEMENTS

The following significant agreements have been entered into by the Company:

Administration, Custodian and Secretarial

Under the Administration, Custodian and Secretarial Agreement, with effect from 28 March 2025, the Company has agreed to pay or procure to be paid to the Administrator, for its services as administrator, secretary, custodian and registrar, a fee of 0.13% per annum of the Company's funds thereafter (as reduced by any redemptions of shares prior to the Redemption Date). In addition, the Administrator is entitled to receive interest earned by the Company on the unpaid element of the fees due to the date of termination. See notes 9, 11 and 14 for details of administration fees and interest paid in the period and balances outstanding at the period end.

Effective 31 January 2025, Sanne Fund Services (Guernsey) Limited completed an amalgamation of corporate bodies pursuant to Part VI of the Companies (Guernsey) Law, 2008 with Apex Fund and Corporate Services (Guernsey) Limited (the "Amalgamation"). As a result of the Amalgamation, the name of the Administrator changed to Apex Fund and Corporate Services (Guernsey) Limited ("AFCSGL"). There are no further material changes arising from the Amalgamation and all pre-existing contractual arrangements in place between the Company and the Administrator remain in force.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

5. SIGNIFICANT AGREEMENTS (continued)

Investment Advisory Agreement

Under the Investment Advisory Agreement, with effect from 28 March 2025, the Company has agreed to pay or procure to be paid to the Investment Advisor, for its services as Investment Advisor, a fee of 0.6% per annum of the Company's funds (as reduced by any redemptions of shares prior to the Redemption Date). In addition the Investment Advisor is entitled to receive interest earned by the Company on the unpaid element of the fees due to the date of termination. See notes 9, 11 and 14 for details of investment advisory fees and interest paid in the period and balances outstanding at the period end.

Distribution Agreement

Under the Distribution Agreement, the Company has agreed to pay or procure to be paid to the Distributors a fee of 0.6% per annum of that portion of the Company's funds that is derived from the subscription amount subscribed for by Subscribers introduced by the Distributor (as reduced by any redemptions of such shares prior to the Redemption Date), or holders of existing issued shares introduced by the Distributor and who elect to remain invested in the Company (as reduced by any redemptions of such shares prior to the Redemption Date). See notes 9 and 11 for details of distribution fees paid in the period and balances outstanding at the period end. ICIB, the Company's Investment Advisor, is also a Distributor for the Company.

All fees described above are payable annually in advance on the anniversary of the Trade Date (the date of investment of the Company's funds) each year until the Termination Date.

6. INTEREST INCOME

	2025 USD
Interest on investments at amortised cost	2,285,896
Bank interest	198,736
	<u>2,484,632</u>

The effective interest rate used for calculating the interest on the investment at amortised cost is 5.9767%.

7. INVESTMENTS AT FAIR VALUE THROUGH PROFIT AND LOSS

During the period, the Company acquired a holding of warrants from BNP Paribas, which mature on 27 March 2030.

	2025 USD
BNP Paribas ("BNPP") call warrants	
Purchase	18,720,731
Fair value adjustment	7,761,765
Fair value carried forward	<u>26,482,496</u>

The BNPP warrants (the "warrants") are USD-denominated call warrants referenced to the Shanghai Shenzhen CSI 300 Index.

The Directors determine the fair value of the warrants based on valuations provided by BNPP. The valuation/price of the warrants is calculated by BNPP using a pricing model and a bid/ask price spread is published daily on

The warrants have been classified as a level 2 investment in the fair value hierarchy as the valuation is derived from observable inputs other than quoted prices in an active market (see note 15(iv)).

The key inputs to the valuation were the notional amount of the warrants of USD 101,855,756 and the published bid price of the warrants of 26.00% as at 30 September 2025.

The key input to the published bid price of the warrants was the closing price as at 30 September 2025 of the Shanghai Shenzhen CSI 300 Index of 4,640.69 (at inception: 3,974.99).

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

8. INVESTMENTS AT AMORTISED COST

During the period, the Company acquired USD 101,856,000 Citigroup Linear Basket Credit Linked Notes maturing on 31 March 2030 (the "Citigroup CLNs").

	USD
Citigroup CLNs	
Purchase	76,099,154
Interest	2,278,766
Carrying value carried forward	<u>78,377,920</u>

The Citigroup CLNs are measured at amortised cost using the effective interest rate method. The effective interest rates used for calculating the interest income are disclosed in note 6.

The calculation of impairment, including expected credit losses, is based on assumptions about risk of default and expected loss rates. The Company uses judgments in making this assumption and selecting the inputs to the impairment calculation based on past history and existing market conditions (see note 15(ii)). The Company has assessed the investments in the CLNs for impairment and expected credit losses at the reporting date and has concluded that as at the period end no impairment or credit losses are expected over the life of the investments.

The fair value of the Citigroup CLNs, calculated by ICIB at 30 September 2025, was USD 78,332,901.

9. OPERATING EXPENSES

	2025 USD
Investment advisory fee	329,846
Distribution fees	322,837
Administration fee	73,467
Auditor's remuneration	12,517
Interest expense	54,838
Listing and sponsor fees	6,500
GFSC licence fee	6,100
Statutory fees	2,157
Professional indemnity insurance	1,283
Directors' fees	465
Sundry expenses	1,033
	<u>811,043</u>

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

10. EARNINGS PER SHARE

The calculation of basic and diluted earnings per share is based on the following data:

	2025 USD
Profit attributable to shares:	
Profit for purpose of basic and diluted earnings per share being the profit for the period attributable to shareholders	<u>9,435,354</u>
Number of shares:	
Weighted average number of shares for the purpose of basic and diluted earnings per share	<u>52,814.097</u>
Earnings per share attributable to A Class shares	<u>178.65</u>

A weighted average number of shares has been calculated to enable users to gain a fairer understanding of the earnings generated per ordinary share through the period. The weighted average has been calculated with reference to the number of days shares have actually been in issue and hence their ability to influence income generated.

11. TRADE AND OTHER RECEIVABLES

	2025 USD
Bank interest receivable	62,126
Prepaid investment advisory fee	281,289
Prepaid distributors' fees	275,313
Prepaid administration fee	60,946
Other receivables	542
Unpaid share capital	10
	<u>680,226</u>

The balance of trade and other receivables principally comprises prepayments, therefore a provision for expected credit losses is not required.

12. TRADE AND OTHER PAYABLES

	2025 USD
Current	
Audit fee	12,517
Directors' fees	1,007
	<u>13,524</u>
Non-current	
Interest payable	<u>54,838</u>

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

13. SHARE CAPITAL

	2025
Issued:	USD
10 Management shares of USD 1.00 unpaid	10
101,855.759 A Class shares of USD 0.01 each	1,019
	<u>1,029</u>

On 17 September 2024, the Company issued 10 Management shares at a price of US\$1.00 per share.

On 18 March 2025, the Company issued 101,855.759 A Class shares at a price of US\$1,000.00 per share.

A Class shares are entitled to 1 vote each at a general meeting of the Company. Under the terms of the Company's prospectus, and in the absence of a further special resolution to extend the life of the Company, the Company's shares will be redeemed and the Company will terminate on 3 April 2030. A Class shareholders are entitled to receive any dividends or distributions from the Company and any surplus arising on the winding up of the Company after the payment of creditors and redemption of the Management shares at their nominal value.

Management shares are entitled to 10,000 votes each at a general meeting of the Company. Management shares may only be owned by The Basket Trust (see note 14) or its nominee. Management shareholders are not entitled to receive any dividends or distributions from the Company nor any surplus arising on the winding up of the Company in excess of the nominal value of the Management shares.

14. ULTIMATE CONTROLLING PARTY AND RELATED PARTY TRANSACTIONS

The immediate controlling party at the period end date is Praxis Trustees Limited as trustee of The Basket Trust, which owns the Management shares in the Company. There is no ultimate controlling party of the Company.

Sanne Fund Services (Guernsey) Limited ('SFSGL'), served as the Company's Administrator, Secretary, Custodian and Registrar until its merger with Apex Fund and Corporate Services (Guernsey) Limited ("AFCSGL") on 31 January 2025. SFSGL was deemed to be a related party, as Janine Lewis and Keri Lancaster-King are Directors of the Company and were also directors of SFSGL until 31 January 2025. AFCSGL is deemed to be a related party, as David Stephenson is an employee of AFCSGL; Keri Lancaster-King was an employee of AFCSGL until 18 November 2025, when she was appointed a director of that company; and Janine Lewis was an employee of AFCSGL until 7 July 2025. During the period AFCSGL earned USD 73,467 for its services as administrator. At the period end date administration fees of USD 60,946 had been paid to AFCSGL in advance and interest on outstanding fees of USD 8,496 was payable to AFCSGL.

With effect from 7 July 2025 Janine Lewis is an independent, non-executive Director of the Company and is due a Director's fee of £3,250 per annum, of which £1,750 per annum is reimbursed to the Company by AFCSGL. During the year Janine Lewis received a Director's fee of £748 (USD1,007). At the year end date £748 (USD1,007) was payable by the Company to Janine Lewis and a reimbursement of £403 (USD542) was due to the Company from AFCSGL.

The Investment Advisor, ICIB, a division of IBL, is deemed to be a related party. During the period ICIB earned USD 329,846 for its services as investment advisor. At the period end date investment advisory fees of USD 281,289 had been paid to ICIB in advance and interest of USD 46,342 on outstanding fees was payable to ICIB.

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

15. FINANCIAL INSTRUMENT RISK FACTORS

The Company is exposed to market risk, credit risk and liquidity risk from the financial instruments it holds. The Company has a fixed modus operandi, as stated in its prospectus, which is to invest its capital in a debt instrument and a holding of an option or warrants on a specified index or basket of indices; and to retain a certain element of cash to cover expenses to be incurred over the specified period of its life. As a result of this, the Company's flexibility in dealing with the risks associated with these instruments is somewhat limited. However, the risk management policies that are employed by the Company to manage these risks are discussed below.

(i) Market risk

(a) Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. Currency risk arises when future commercial transactions and recognised assets and liabilities are denominated in a currency that is not the Company's functional currency. As at 30 September 2025, the Company was exposed to foreign exchange risk in relation to the following assets and liabilities:

	Source currency	2025 USD
Other receivables	Pound Sterling	542
Trade and other payables	Pound Sterling	(13,524)
		<u>(12,982)</u>

At 30 September 2025, the foreign currency exposure of the Company against the measurement currency of US Dollars, entirely to Pound Sterling, represented -0.01% of Equity Shareholder's Funds. The Company's policy is not to manage the Company's exposure to foreign exchange movements by entering into any foreign exchange hedging transactions. If the exchange rate of the US Dollar against Pound Sterling at the period end date had been 10% higher/lower, this would have resulted in an increase/decrease in the period end net asset value of USD 1,298. The sensitivity rate of 10% is regarded as reasonable as this is the approximate volatility of Sterling against the US Dollar during the period.

The Company has no other material currency exposures at 30 September 2025.

(b) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk on its cash and cash equivalents and interest payable on outstanding future fees. At 30 September 2025, the Company held cash on call accounts of USD 272,416, which earned no interest, and a long-term deposit of USD 5,493,116, which earned interest at a rate of 4.20%. At 30 September 2025, the Company had outstanding future fees of USD 2,892,704 on which interest of 4.0% is payable.

Had these balances existed for the whole of the period, and all other factors remained the same, the effect on the Profit and Loss account of an increase/decrease of 2.0% in interest rates per annum would have been an increase of USD 57,457/decrease of USD 52,008 in post-tax profit for the period. The sensitivity rate of 2% is regarded as reasonable in the context of the current US Fed Rate of 4.25%, all of the Company's cash being held in US Dollars.

The Company had no other material interest rate exposures at 30 September 2025. The Company's debt instruments are interest-bearing, however they earn interest at a fixed rate and are therefore not subject to interest rate risk.

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

15. FINANCIAL INSTRUMENT RISK FACTORS (continued)

(i) Market risk (continued)

(c) Price risk

Price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market. The Company's investments at FVTPL are directly affected by changes in market prices.

Price risk is managed at inception by investing in a combination of financial instruments: one or more debt instruments, that should provide capital protection for investors; and a holding of call warrants (or other product with similar characteristics) linked to an index or basket of indices that the Investment Advisor believes is most likely to provide positive performance during the life of the Company. In order to provide capital protection, the amount of the debt instrument(s) acquired is calculated with the intention that the maturing amount of the debt instrument(s) will be sufficient to guarantee that all investors who remain in the Company to maturity will at minimum get back the amount that they invested. The warrants provide the potential for significant upside performance, should the relevant index or indices perform well, with the downside limited to loss of the initial premium.

The investment premise of the Company involves participation in the potential upside afforded by the warrants, whilst enjoying the capital protection afforded by the debt instrument(s). Therefore, whilst the Board monitors the performance of the warrants and debt instruments, it is unlikely that the Board would consider redeeming these at any stage, other than in relation to the redemption of investors' shares. As a result, the management of price risk effectively occurs at the inception of the Company in the selection of investments, and is not an active ongoing process during the remainder of the life of the Company.

The investments at FVTPL expose the Company to price risk. The details are as follows:

	2025 USD
BNPP warrants	26,482,496
	<u>26,482,496</u>

As at 30 September 2025, a 50 per cent increase/decrease in the value of the warrants would increase/decrease the Net Asset Value of the Company by USD 13,241,249. The sensitivity rate of 50% is regarded as reasonable due to the potential volatility of the index to which the warrants are linked, magnified by the participation rate of 211% attached to the warrants.

(ii) Credit risk

Credit risk arises when a failure by counter-parties to discharge their obligations could reduce the amount of future cash inflows from financial assets on hand at the period end date. These financial assets include cash and cash equivalents, long-term deposits, trade and other receivables and investments at FVTPL. The Company's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying value or fair value of these instruments.

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

15. FINANCIAL INSTRUMENT RISK FACTORS (continued)

(ii) Credit risk (continued)

The Company states in its Prospectus that it will invest in a USD-denominated senior debt instrument and an option-type investment linked to a specified index or basket of indices, and provides extensive disclosure to shareholders of those instruments and the risks attached thereto. As a result of this, the Company's policy for managing the credit risk attached to the Company's financial assets is to monitor the credit rating of the relevant counterparty for any significant deterioration, without reference to an absolute range of credit ratings. In the event of there being any significant deterioration in the perceived creditworthiness of the counterparty to a point where shareholders' interest may be at risk, the Directors in their absolute discretion would consider the following courses of action: selling the relevant securities to third party purchasers and reinvesting the proceeds in the purchase of securities of another issuer, such that the new securities would replicate as closely as possible the terms and conditions of the original securities; and transferring cash to another banking institution. At initial recognition of the debt instruments and the warrants, the Directors considered the credit risk attached to these instruments to be low, and this remains their view. The Directors would only seek to sell the relevant securities or transfer cash if they (in consultation with the Investment Adviser) consider that such would be in the best interests of the Company and its shareholders.

In accordance with this policy, the Board and the Investment Advisor have noted that the Fitch long-term credit rating of Citigroup as at 30 September 2025 was A. As a result, the Directors and the Investment Adviser believe that it is not in the best interest of shareholders to attempt to unwind the debt instruments prior to their maturity date on 3 April 2030, as they believe firstly that there has been no significant deterioration in the creditworthiness of Citigroup and secondly that obtaining an alternative investment with an institution with a higher credit rating could only be achieved on less favourable terms than those offered by the debt instruments, which could affect the Company's ability to offer capital protection to shareholders on their investment.

The Company monitors the creditworthiness of its counterparties on an ongoing basis and considers a financial asset to be in default when the counterparty fails to make contractual payments within 60 days of when they fall due. No instances of default or significant changes to the Company's credit risk or expected loss rates have been identified in the period.

The majority of the Company's trade and other receivables consists of prepayments and there is no credit risk associated with these balances.

The investments at FVTPL are held with BNP Paribas, which has a Fitch long-term rating of A+. The cash and cash equivalents are held with Investec Bank (Channel Islands) Limited, which has a Fitch long term rating of A- as at February 2026.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet financial liability obligations as they fall due, which may cause financial losses to the Company. The Company places its cash and cash equivalents with financial institutions on a short-term basis in order to maintain a high level of liquidity. This ensures that the Company is able to complete transactions in a timely manner, thus minimising the Company's exposure to such losses.

The Board reviews the cash resources of the Company on an ongoing basis to ensure that sufficient cash and cash equivalents are held to meet the Company's short-term obligations. At 30 September 2025 the Company held cash and cash equivalents of USD 272,416, which is considered by the Board as sufficient to meet all of the Company's short-term obligations.

INTERNATIONAL OPPORTUNITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the period from incorporation on 17 September 2024 to 30 September 2025

15. FINANCIAL INSTRUMENT RISK FACTORS (continued)

(iii) Liquidity risk

The following table analyses the Company's financial liabilities, which will be settled on a net basis, into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

	Less than 6 months USD	6-12 months USD	1 - 5 years USD
2025			
Trade and other payables	13,524	-	54,838
Net exposure	13,524	-	54,838

(iv) Fair value hierarchy

The following tables analyse instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (ie as prices) or indirectly (ie derived from prices);
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2025	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
Investments at FVTPL	-	26,482,496	-	26,482,496
	-	26,482,496	-	26,482,496

There have been no transfers between levels of the fair value hierarchy during the period.

16. CAPITAL RISK MANAGEMENT

The Company's capital comprises the funds it has raised through the issue of share capital.

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to ensure that the Company will be able to continue as a going concern, the Board continuously monitors forecast and actual cash flows and matches the maturity profiles of assets and liabilities. The Board has also considered the impact of the war in Ukraine and conflict in the Middle East subsequent to the period end, and does not believe that these will have a significant impact on the Company's capital or its ability to continue as a going concern. The Company has no external borrowings.

Shareholders may be able to redeem their Shares prior to the Redemption Date, however such redemptions are wholly at the discretion of the Directors, and any request for redemption may be refused in whole or in part. No early redemptions will be permitted unless the Directors are satisfied that they have complied with all applicable law, including satisfaction of the solvency test as required by the Companies (Guernsey) Law, 2008.

17. POST BALANCE SHEET EVENTS

There were no significant post balance sheet events requiring disclosure in these financial statements.
